

Social Security Administration
Report on Acquisitions of Articles, Materials, and Supplies Manufactured in
Foreign Countries
Fiscal Year 2010 ¹

A. Summary

1. The total procurement funds expended on articles, materials, and supplies manufactured inside the United States is \$413,868,604.
2. The total procurement funds expended on articles, materials, and supplies manufactured outside of the United States is \$15,307,694.

B. The dollar value of any articles, materials, or supplies manufactured outside of the United States is broken down on the attached worksheets, as described below:

1. Worksheet A - Itemized list of all waivers granted under the Trade Agreements Act¹ (TAA) (19 U.S.C. 2501), with respect to such articles, materials, or supplies under the Buy American Act (BAA) (41 U.S.C. 8302). The list includes manufactured end products (e.g., equipment, supplies, etc.) that were predominantly eligible products acquired under the TAA (see Federal Acquisition Regulation (FAR) 25.402 (a)(1)). Code for place of manufacture "G" refers to manufactured outside the United States - Trade Agreements.

TOTAL: \$6,712,833

2. Worksheet B – Itemized list of all awards citing the commercial information technology exception at FAR 25.103(e), which implements Section 535(a) of Division F, Title V, Consolidated Appropriations Act of 2004 and similar sections in subsequent appropriations acts (FAR 25.103(e)). Code for place of manufacture "H" refers to manufactured outside the United States - Commercial information technology.

TOTAL: \$8,534,247

3. Worksheet C – Itemized list of all awards citing an exception under 41 U.S.C. 8302 and FAR 25.103(b)(1)(i) (foreign manufactured end products that were predominantly domestically unavailable). Code for place of manufacture "J" refers to manufactured outside the United States - Domestic non-availability.

TOTAL: \$60,614

¹ Provides the authority for the President to waive the BAA and other discriminatory provisions for eligible products from countries that have signed an international trade agreement with the United States, or that meet certain other criteria, such as being a least developed country. The President has delegated this waiver authority to the U.S. Trade Representative (USTR). In acquisitions covered by the World Trade Organization Government Procurement Act, Free Trade Agreements, or the Israeli Trade Act, the USTR has waived the BAA and other discriminatory provisions for eligible products. Offers of eligible products receive equal consideration with domestic offers.

FAR SECTION

Note: The United States Code citation 41 U.S.C. 8302 has replaced the citation 41 U.S.C. 10a, referenced in FAR 25.004(a), excerpted below. The FAR has not yet been updated to reflect this change.

25.004 Reporting of acquisition of end products manufactured outside the United States.

(a) In accordance with the requirements of 41 U.S.C. 10a, the head of each Federal agency must submit a report to Congress on the amount of the acquisitions made by the agency from entities that manufacture end products outside the United States in that fiscal year.

(b) This report will be partially based on information collected from offerors using solicitation provision 52.225-18, Place of Manufacture (and its commercial item equivalent in 52.212-3, Offeror Representations and Certifications-Commercial items). For purposes of this report, the criteria established in the law is only whether the place of manufacture of an end product is in the United States or outside the United States, without regard to the origin of the components (see 25.001(c)).

41 USCS § 8302

§ 8302. American materials required for public use

(a) In general.

(1) Allowable materials. Only unmanufactured articles, materials, and supplies that have been mined or produced in the United States, and only manufactured articles, materials, and supplies that have been manufactured in the United States substantially all from articles, materials, or supplies mined, produced, or manufactured in the United States, shall be acquired for public use unless the head of the department or independent establishment concerned determines their acquisition to be inconsistent with the public interest or their cost to be unreasonable.

(2) Exceptions. This section does not apply--

(A) to articles, materials, or supplies for use outside the United States;

(B) if articles, materials, or supplies of the class or kind to be used, or the articles, materials, or supplies from which they are manufactured, are not mined, produced, or manufactured in the United States in sufficient and reasonably available commercial quantities and are not of a satisfactory quality; and

(C) to manufactured articles, materials, or supplies procured under any contract with an award value that is not more than the micro-purchase threshold under section 1902 of this title [*41 USCS § 1902*].

(b) Reports.

(1) In general. Not later than 180 days after the end of each of fiscal years 2009 through 2011, the head of each Federal agency shall submit to the Committee on Homeland Security and Governmental Affairs of the Senate and the Committee on Oversight and Government Reform of the House of Representatives a report on the amount of the acquisitions made by the agency in that fiscal year of articles, materials, or supplies purchased from entities that manufacture the articles, materials, or supplies outside of the United States.

(2) Contents of report. The report required by paragraph (1) shall separately include, for the fiscal year covered by the report--

(A) the dollar value of any articles, materials, or supplies that were manufactured outside the United States;

(B) an itemized list of all waivers granted with respect to the articles, materials, or supplies under this chapter [41 USCS §§ 8301 et seq.], and a citation to the treaty, international agreement, or other law under which each waiver was granted;

(C) if any articles, materials, or supplies were acquired from entities that manufacture articles, materials, or supplies outside the United States, the specific exception under this section that was used to purchase the articles, materials, or supplies; and

(D) a summary of--

(i) the total procurement funds expended on articles, materials, and supplies manufactured inside the United States; and

(ii) the total procurement funds expended on articles, materials, and supplies manufactured outside the United States.

(3) Public availability. The head of each Federal agency submitting a report under paragraph (1) shall make the report publicly available to the maximum extent practicable.

(4) Exception for intelligence community. This subsection shall not apply to acquisitions made by an agency, or component of an agency, that is an element of the intelligence community as specified in, or designated under, section 3 of the National Security Act of 1947 (50 U.S.C. 401a).
