NOTES: Because of differences in data sources and calculation methods, statistics reported in this table may differ from those reported by the Office of the Chief Actuary.

Starting with 2007, age is based on date of entitlement and not date of award. Entitlement can be retroactive and thus precede the date of award. FRA = full retirement age; (X) = suppressed to avoid disclosing information about particular individuals.

a. Benefits awarded before the December cost-of-living increase are converted to the December rates before averages are computed. CONTACT: statistics@ssa.gov.
